RESOLUTION NO. 2013-468

A RESOLUTION REQUESTING THE FEDERAL AND STATE HISTORICAL PRESERVATION DEPARTMENTS TO REPEAL THE HISTORIC DESIGNATION OF THE VIDA SHAW BRIDGE AS SOON AS POSSIBLE AND FURTHER REQUESTING THE ASSISTANCE OF THE IBERIA PARISH LEGISLATIVE DELEGATION AND THE CONGRESSIONAL DELEGATION.

WHEREAS, the Iberia Parish Government has been working with the Louisiana Department of Transportation and Development and the Federal Highway Administration for a project which would include the replacement of the one-lane Vida Shaw Bridge (which is currently locked in open position because of its state of disrepair) to a two-lane bridge to appropriately accommodate the traffic crossing Bayou Teche in this area; and

WHEREAS, the project was to be constructed with Federal and State funds available in the amount of \$4.2 million and the Iberia Parish Government has adopted a Resolution indicating that it would provide any necessary additional funding when the project becomes a reality as it is generally agreed that the total cost of said project will increase from the original estimates as several years have passed since the original estimates were prepared; and

WHEREAS, the current one-lane Vida Shaw Bridge has been declared as historical by the Federal and State Historical Preservation Departments and is currently locked in the open position as it is in such a state of disrepair that it is dangerous for road traffic; and

WHEREAS, the United States Coast Guard has questioned that the Parish retains the bridge in the open position which is creating a hazardous situation for marine traffic in the Bayou Teche and could result in Iberia Parish Government being fined for this obstruction if it should result in damages; and

WHEREAS, the Louisiana Department of Transportation and Development has also provided a bridge from a site originally located at LA 14, where the State replaced the existing bridge, which bridge is now stored at the DOTD site in Iberia Parish and is projected to be used for this project; and

WHEREAS, it is the intention of the Iberia Parish Government to remove the original one-lane Vida Shaw Bridge from the site for the replacement of the new bridge and move the original bridge to the Cajun RVerre site, which is a recreational vehicle facility to be operated by the Acadiana Fairgrounds Commission, where its historical data will be posted so that tourists and Parish residents utilizing this site will be made aware of the history of the original bridge; and

WHEREAS, with the closure of the current Vida Shaw Bridge, traffic is routed through downtown of the Village of Loreauville and LA 86 (Loreauville Road) including sugar cane harvesting traffic which is creating problems and hazardous situations for all traffic utilizing this highway; and

WHEREAS, this project is now still in the Section 106 process because of its historical designation, which results in additional delays to the actual construction of this much-needed project.

NOW, THEREFORE, BE IT RESOLVED, that the Iberia Parish Council does hereby request the Federal and State Historical Preservation Departments to repeal the historic designation of the Vida Shaw Bridge as soon as possible in order that the Vida Shaw Bridge Replacement Project can begin as soon as possible as costs for this project will only continue to increase in the future.
