INDEPENDENT AUDITOR'S REPORT

WWW.KCSRPCAS.COM

To the Members of the Iberia Parish Council
Iberia Parish
New Iberia, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Iberia Parish Government, as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the Iberia Parish Government's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Iberia Medical Center, a component unit, which represents 53%, 41%, and 87%, respectively of the assets, net position, and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for Iberia Medical Center is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Iberia Parish Government, as of December 31, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As described in Note 22 to the financial statements, in 2017, Iberia Parish Government adopted new accounting guidance, GASB No. 80, *Blending Requirements for Certain Component Units*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion on pages 5 through 13 and required supplementary information on pages 83 through 95, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Iberia Parish Government's basic financial statements. The other supplementary information on pages 97 through 167 is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

The other supplementary information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 21, 2018 on our consideration of the Iberia Parish Government's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Iberia Parish Government's internal control over financial reporting and compliance.

New Iberia, Louisiana

Management's Discussion and Analysis

As financial management of Iberia Parish Government (Parish), we offer readers of this financial statement an overview and analysis of the financial activities of the Parish. This narrative is designed to assist the reader in focusing on significant financial issues, identifying changes in the Parish's financial position, identifying any material deviations from the approved budget documents, and identifying individual fund issues or concerns.

The Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting changes and currently known facts. It should be read in conjunction with the financial statements.

FINANCIAL HIGHLIGHTS

- Assets of the Parish's primary government exceeded its liabilities at the close of the most recent fiscal year by \$115.1 million (net position). Of this amount, 7.1%, or \$8.1 million (unrestricted net position), may be used to meet the Parish's ongoing obligations to citizens and creditors.
- The Parish's total net position decreased by \$6.0 million (5.0%) during the most recent fiscal year.
- As of the close of the fiscal year, the Parish's governmental funds reported combined ending fund balances of \$52.5 million, a decrease of \$8.3 million (13.7%) in comparison with the prior year. Approximately \$51.6 million is available for spending at the Parish's discretion and in accordance with fund restrictions.
- As of the close of the fiscal year, the total fund balance for the General Fund was \$1.4 million. Of that amount, \$0.5 million was committed and assigned; the remaining \$0.9 million was unassigned.

OVERVIEW OF THE FINANCIAL STATEMENTS

With the implementation of Governmental Accounting Standards Board Statement No. 34, a government's presentation of financial statements has been greatly changed. The new statements focus on the Parish as a whole (government-wide) and the major individual funds. Both perspectives (government-wide and major fund) allow the reader to address relevant questions, broaden a basis for comparison (year to year or government to government), and should enhance the Parish's accountability.

Government-Wide Financial Statements

The government-wide financial statements are designed to be similar to private-sector business in that all governmental activities are consolidated into a column which is the total for the primary government. These statements combine governmental funds' current financial resources with capital assets and long-term obligations. Component units are separate legal governmental entities to which the Parish's governing body may be obligated to provide financial assistance and are presented as a separate column in the government-wide statements and as individual activities in the fund financial statements.

The Statement of Net position presents information on all of the Parish's assets, deferred outflows, liabilities, and deferred inflows, with the difference reported as net position. Over time, changes in net position may serve as a useful indicator of whether the financial position of the Parish is improving or deteriorating.

The Statement of Activities presents information showing how the Parish's net position

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Management's Discussion and Analysis

changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the changes occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods. For example, uncollected taxes and earned but unused vacation and compensatory leave result in cash flows for future periods. The focus of the Statement of Activities is on both the gross and net cost of various activities that are provided by the government's general tax and other revenues. This is intended to summarize information and simplify the user's analysis of cost of various governmental services and/or subsidy to various component units.

The governmental activities reflect the Parish's basic services including general government (executive, legislative, finance), public safety, public works, culture and recreation, health and welfare, economic development, urban redevelopment and housing, and economic development and assistance. These services are financed primarily with taxes.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Traditional users of governmental financial statements will find the fund financial statements presentation more familiar. The focus is now on major funds, rather than generic fund types.

Governmental Funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. The governmental major funds presentation is presented on a sources and uses of liquid resources basis. This is the manner in which the financial plan is typically developed. Unlike the government-wide financial statements, governmental fund financial statements focus on near-term outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's current financing requirements. The Parish has presented the General Fund, the Public Library Fund, the Sales Tax Fund, the Public Building Maintenance Fund, the Parish Wide Drainage Maintenance Fund, the Royalty Fund, the Mosquito Control/Drainage Program Fund, and the Economic Development District No. 1 Fund as major funds. All nonmajor governmental funds are presented in one column, titled Other Governmental Funds. Combining financial statements of the nonmajor funds can be found in the other supplementary information section that follows the basic financial statements.

Proprietary Funds encompass the internal service funds. Internal service funds are an accounting device used to accumulate and allocate costs internally among the Parish's various functions. The Parish uses internal service funds to account for its self-insured insurance and unemployment compensation activities. Because all of these services benefit governmental functions, they have been included within the governmental activities section in the government-wide financial statements. The basic proprietary fund statements are located in the Basic Financial Statements Section of the report. Combining statements of the internal service funds can be found in the other supplementary information section following the basic financial statements.

The total column on the governmental funds financial statements requires reconciliation. The governmental funds differences result from the different measurement focus and the reconciliation is presented on the pages following each statement. The flow of current financial resources will reflect bond proceeds and interfund transfers as other financial sources as well capital expenditures and bond principal payments as expenditures. The reconciliation will eliminate these transactions and incorporate the capital assets and long-term obligations into the Primary Government column in the government-wide statements.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Management's Discussion and Analysis

Capital Assets

General capital assets include land, land improvements, buildings, furniture and equipment, infrastructure, and all other assets of a tangible nature that are used in operations and that exceed the Parish's capitalization threshold (see Note 6). Prior to the implementation of the new reporting model, no depreciation was charged on general capital assets. Accumulated depreciation was recorded for the first time in the 2003 financial statements based on the date of acquisition and the life span of the asset.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and the fund financial statements. The notes to the financial statements are a required part of the basic financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents budgetary comparison schedules, which are required supplementary information. These schedules can be found in this report.

The other supplementary information section referred to earlier in connection with the nonmajor governmental and proprietary funds is presented immediately following the required supplementary information.

Also included in the report is the Office of Management and Budget Uniform Guidance Auditor reports, findings, and schedules.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Management's Discussion and Analysis

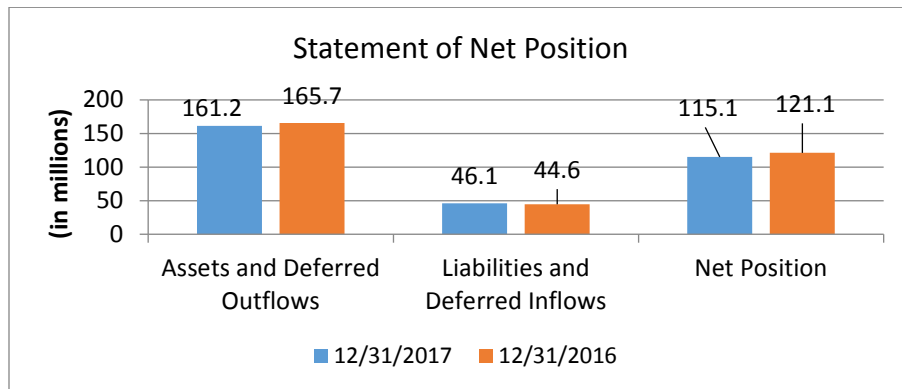

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The following table reflects the condensed Statement of Net Position for 2017, with comparative figures from 2016.

TABLE I
Iberia Parish Government
Condensed Statement of Net Position
Governmental Activities
December 31, 2017 and 2016
(in millions)

	2017	2016
Assets:		
Current and other assets	\$ 60.3	\$ 68.4
Capital assets	98.5	93.9
Total assets	\$ 158.8	\$ 162.3
Deferred outflows of resources	\$ 2.4	\$ 3.4
Liabilities:		
Current liabilities	\$ 5.4	\$ 6.3
Long-term liabilities	40.4	37.9
Total liabilities	\$ 45.8	\$ 44.2
Deferred inflows of resources	\$ 0.3	\$ 0.4
Net position:		
Net investment in capital assets	\$ 68.3	\$ 75.5
Restricted	38.7	31.5
Unrestricted	8.1	14.1
Total net position	\$ 115.1	\$ 121.1

The Parish's net position at year-end total \$115.1 million. Approximately, 59.3% (\$68.3 million) of the Parish's net position as of December 31, 2017 reflects the Parish's investment in capital assets (land, land improvements, buildings, furniture and equipment, and infrastructure) less any related outstanding debt used to acquire those assets that is still outstanding. The Parish uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Another 33.6% of the Parish's net position are subject to external restrictions on how they may be used. The remaining 7.1% (\$8.1 million) of net position, referred to as unrestricted, may be used to meet the ongoing obligations of the Parish to citizens and creditors.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Management's Discussion and Analysis

Table 2 below provides a summary of the changes in net position for the year ended December 31, 2017, with comparative figures from 2016:

TABLE 2
Iberia Parish Government
Condensed Statement of Changes in Net position
Governmental Activities
For the Years Ended December 31, 2017 and 2016
(in millions)

	2017	2016
Revenues:		
Program revenues -		
Charges for services	\$ 1.4	\$ 1.4
Operating grants and contributions	3.5	4.8
Capital grants and contributions	1.9	1.8
General revenues -		
Property taxes	10.7	9.9
Sales and use taxes	6.9	7.4
Hotel/motel	0.2	0.2
Grants and contributions not restricted to specific purposes	0.5	0.4
Investment income	0.6	0.4
Miscellaneous	3.7	(2.1)
Total revenues	\$ 29.4	\$ 24.2
Expenses:		
General government	\$ 5.3	\$ 5.4
Public safety	4.1	3.9
Public works	9.0	10.1
Health and welfare	5.0	5.7
Culture and recreation	4.4	3.2
Urban redevelopment and housing	0.9	1.0
Economic development and assistance	2.4	1.8
Unallocated depreciation	3.4	3.4
Interest on long-term debt	0.9	0.3
Total expenses	\$ 35.4	\$ 34.8
Change in net position	\$ (6.0)	\$ (10.6)
Net position, as restated, January 1	121.1	131.7
Net position, December 31	\$ 115.1	\$ 121.1

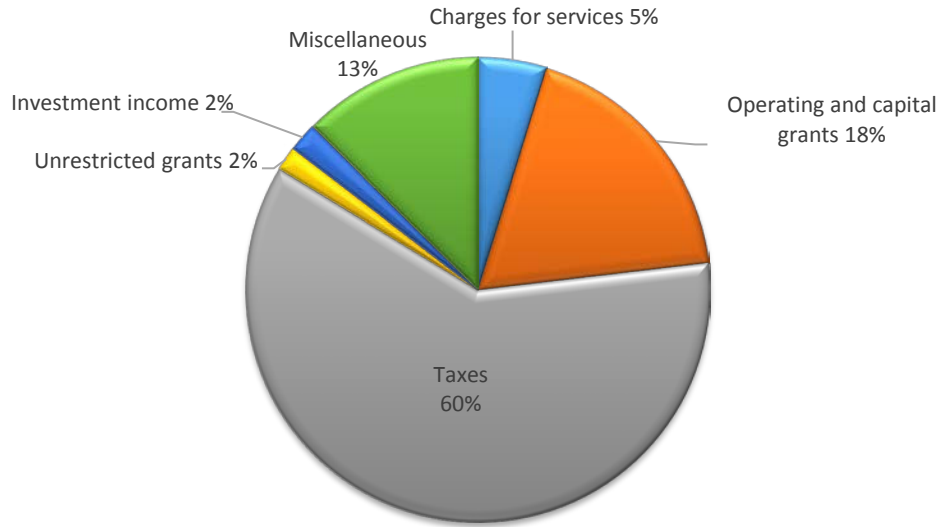

The Parish's total revenues were \$29.4 million and the total cost of all programs and services was \$35.4 million. Therefore, net position decreased \$6.0 million from operations during the year. As shown in the Statement of Activities, the amount that our taxpayers financed was \$22.6 million because some of the cost was paid by those who directly benefited from the programs (\$1.4 million) or by other governments and organizations that subsidized certain programs with grants and contributions (\$5.4 million). Program revenues only covered 19.2% of total costs. The remainder was paid with taxes and other revenues, such as investment income, unrestricted grants and contributions.

The Parish's largest activity is public works with just over \$9.0 million of resources applied thereto. Following that is general government and health and welfare.

Management's Discussion and Analysis

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the Parish uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus of the Parish's governmental funds is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the Parish's financing requirements. Spendable resources are further classified into restricted, committed, assigned and unassigned. This balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the fiscal year, the Parish's governmental funds reported combined ending fund balances of \$52.5 million, a decrease of \$8.3 million in comparison with the prior year. Approximately \$52.4 million (99.9%) constitutes *spendable fund balance*, which is available for spending at the Parish's discretion and in accordance with fund restrictions. The remainder of fund balance, \$0.1 million (0.1%), is *unspendable* because amounts are legally or contractually required to be maintained intact.

The General Fund is the chief operating fund of the Parish. At the end of the fiscal year, total fund balance of the General Fund was \$1.4 million. Of that amount, \$0.5 million was committed for emergency expenditures; with the remaining \$0.9 million being unassigned. Compared with total fund balance of \$3.0 million at the end of 2016, fund balance decreased by \$1.6 million during 2017.

Proprietary Funds: The Parish's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. As of the end of the current fiscal year, the primary government's proprietary funds reported ending net position of \$1.9 million, which increased by \$0.1 during 2017.

GENERAL FUND BUDGETARY HIGHLIGHTS

The total difference between the original General Fund budget and the final amended budget was an increase in revenue sources of \$0.1 million. The largest increase was state grant funding. Expenditure appropriations and transfers out increased by \$1.8 million. This is the result of an accounting adjustment needed to properly reflect amounts uncollectible from a component agency of the Parish.

When actual results for 2017 are compared with the final budget, revenue collections, including transfers, were more than amounts projected by \$0.1 million and expenditures and transfers were \$0.2 million less than the amount appropriated; a positive variance of \$0.3 million.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets: The Parish's investment in capital assets as of December 31, 2017 amounts to \$98.5 million (net of accumulated depreciation). This investment in capital assets includes land, land improvements, buildings and improvements, furniture and equipment, roads, highways, and bridges. The net increase in the Parish's investment in capital assets for the current fiscal year was \$4.6 million. This is attributable to significant improvements to Parish's infrastructure (mainly bridges) and the transfer of the RV Facility from a component agency to the Parish's primary government netted with annual depreciation expense of approximately \$4.8 million.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Management's Discussion and Analysis

TABLE 3
Iberia Parish Government
Capital Assets and Debt Administration
Governmental Activities
December 31, 2017 and 2016
(in millions)

	2017	2016
Land	\$ 2.6	\$ 2.5
Land improvements	0.0	0.0
Buildings and improvements	20.4	13.8
Furniture and equipment	2.7	3.3
Infrastructure	66.6	66.7
Construction in progress	6.2	7.6
	\$ 98.5	\$ 93.9

During the current fiscal year, the Parish continued working on funded projects. Approximately \$0.2 million in new equipment was purchased and approximately \$0.7 million of fully depreciated equipment was disposed of. A new facility was acquired costing \$0.4 million. The RV Facility (net value \$6.7 million at the beginning of the fiscal year) was moved to the Parish's primary government during the current year. Construction in progress consists of Bridge Replacement Projects (\$1.3 million), and building construction (\$0.6 million), road improvement projects (\$1.5 million) and sewer and water improvement project (\$2.8 million) projects.

Additional information on the Parish's capital assets can be found in Note 6 of this report.

Long-term Debt: At the end of the current fiscal year, the Parish had total bonded debt outstanding of \$29.5 million. This amount comprises debt backed by the full faith and credit of the Parish.

TABLE 4
Iberia Parish Government
Summary of Outstanding Debt at Year-End
Governmental Activities
December 31, 2017 and 2016
(in millions)

	2017	2016
General obligation refunding bonds	\$ 0.7	\$ 0.8
Revenue refunding bonds	4.3	5.0
Revenue bonds	9.2	5.8
Sales tax bonds	15.3	16.3
Paving certificates	0.0	0.1
Capital leases	0.7	1.2
Accrued compensated absences	0.4	0.4
Claims payable	0.4	0.4
	\$ 31.0	\$ 30.0

The Parish's total debt increased during the year by \$1.0 million. This result is a combination of (1) transfer of debt obligation (revenue bonds) to the Parish's primary government of \$4.0 million; and (2) scheduled principal payments of approximately \$3.0 million.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Management's Discussion and Analysis

As of December 31, 2017, the Parish does not have any rated outstanding bond obligations.

Computation of the legal debt margin for general obligation bonds is as follows:

Ad valorem taxes:	
Assessed valuation, 2017 tax roll	\$740,847,952
Debt Limit: 10% of assessed valuation (for any one purpose)	\$ 74,084,795
Debt outstanding by purpose:	
Library	\$ 700,000
Road improvements	4,340,000
RV facility	3,680,000
Bridge improvements	5,555,000

The Louisiana Revised Statutes limit the Parish's bonded debt for any one purpose to 10% of the assessed valuation of the taxable property.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

Many factors were considered when preparing the fiscal year 2018 budget. One of those factors is the condition of the economy at all levels.

The Parish's property tax is the major revenue source in the General Fund making up 32.4% of budgeted revenues for 2018. Business occupational and insurance licenses, building, electric, driveway and public works permits make up 24.3%, revenues derived from federal and state grants make up another 6.9%, and operating transfer appropriations account for 8.4%.

Appropriations in the General Fund budget total \$5.3 million, a decrease of 22.1% from the final 2018 actual expenditures of \$6.8 million.

If budget estimates are met, the Parish's budgetary General Fund balance is expected to remain at the same balance at the close of 2018.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the finances of the Parish and to demonstrate accountability for monies received. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Iberia Parish Government, 300 Iberia Street, Suite 400, New Iberia, Louisiana, 70560

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

(1) Summary of Significant Accounting Policies

The accompanying financial statements of the Iberia Parish Government (Parish) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this note.

A. Financial Reporting Entity

The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the primary government is not accountable, but for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. In addition, component units can be other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statement to be misleading or incomplete. These financial statements include the primary government and component units as follows:

Primary government:

The Parish operates under a home rule charter. The charter provides for the President-Council (14 members) form of government. The Parish's operations include fire protection, streets and drainage, parks and recreation, certain social services (including urban redevelopment and housing) and general administrative services.

Component units:

The Parish includes the component units detailed below in the financial reporting entity.

Blended component unit –

Economic Development District No. 1 – The District was created by ordinance of the Iberia Parish Council on October 14, 2009. The District is made up of the Council members. The Iberia Parish Council approves the operating budget of the District. The District is reported as a major fund in the primary government financial statements.

Discretely presented component units -

Fire Protection Maintenance District - The District was created by resolution of the Iberia Parish Police Jury on March 26, 1953. The District is made up of a five member Board which is appointed by the Iberia Parish Council. The Iberia Parish Council approves the operating budget of the District.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

Mosquito Abatement District – The District was created by ordinance of the Iberia Parish Council on December 14, 2005. The District is made up of a seven member Board which is appointed by the Council. The Iberia Parish Council approves the operating budget of the District.

Communications District – The District was created by ordinance of the Iberia Parish Council on February 24, 1988. The District is made up of a seven member Board of Commissioners which is appointed by the Iberia Parish Council. The Iberia Parish Council approves the operating budget of the District.

Recreation and Playground Commission – The Commission was created by ordinance of the Iberia Parish Council on October 8, 1986. Three of the seven members of the Commission are appointed by the Iberia Parish Council. The Iberia Parish Council approves the operating budget of the Commission.

Tourist Commission – The Commission was created by ordinance of the Iberia Parish Police Jury on August 9, 1978. The Commission is made up of a seven member Board of Directors which is appointed by the Council. The Iberia Parish Council approves the operating budget of the Commission.

Sewerage District No. 1 – The District was created by ordinance of the Iberia Parish Policy Jury on March 25, 1975. The District is made up of the five member Board of Supervisors which is appointed by the Council. The Iberia Parish Council approves the operating budget of the District.

Iberia Parish Airport Authority – The Authority was created by resolution of the Iberia Parish Police Jury on January 26, 1966. The Authority is the governing body of Acadiana Regional Airport and LeMaire Memorial Airport and administers the overall operation and development of the aforementioned airports. The Authority is made up of a five member Board of Commissioners which is appointed by the Council. The Iberia Parish Council approves the operating budget of the Authority.

Acadiana Fairgrounds Commission – The Commission was created by ordinance of the Iberia Parish Council on September 10, 1997 and is responsible for overseeing the operations of Sugarena, a multi-purpose facility and Cajun RVer, a campground. The Commission is made up of seven members who are appointed by the Council. The Iberia Parish Council approves the operating budget of the Commission. In addition, one-half of any excess funds at the close of every third fiscal year must be given to the Parish.

Waterworks District No. 1 – The District was created by ordinance of the Iberia Parish Police Jury on June 27, 1976. The District is made up of a five member Board which is appointed by the Council.

Waterworks District No. 3 – The District was created by ordinance of the Iberia Parish Council on August 6, 2008. The District is made up of a five member Board of Commissioners which is appointed by the Council. The Iberia Parish Council approves the operating budget of the District.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

Iberia Medical Center – The District was created by ordinance of the Iberia Parish Police Jury on July 12, 1951 and is responsible for overseeing the operations of the hospital. The District is made up of a nine member Board of Commissioners which is appointed by the Council. The Iberia Parish Council approves the operating budget of the District. The District’s fiscal year end differs from the Parish’s fiscal year end; however, the year ends are treated consistently each year, and there were no significant receivable and payable balances between the Parish and the District at December 31. The District’s fiscal year is October 1 through September 30. The District issues separate financial statements which can be obtained at the office of the Legislative Auditor of the State of Louisiana, 1600 North 3rd, Baton Rouge, Louisiana 70802.

B. Basis of Presentation

The Parish's basic financial statements consist of the government-wide statements which include all of the non-fiduciary activities of the primary government and its component units and the fund financial statements (individual major fund and combined nonmajor funds). The statements are prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental units.

Government-Wide Financial Statements (GWFS)

The government-wide financial statements include the statement of net position and the statement of activities for all non-fiduciary activities of the primary government and the total for its component units. As a general rule, the effect of interfund activity has been removed from these statements. An exception of this general rule is contributions between the primary government and its component units which are reported as external transactions. All of the Parish's activities are considered governmental and as such the statements report the governmental activities of the Parish. Governmental activities generally are financed through taxes, intergovernmental revenues and other nonexchange transactions. The primary government is reported separately from the legally separate component units as detailed in the previous section.

In the government-wide statement of net position, the amounts are presented on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long term debt and obligations. The Parish's net position is reported in three parts - net investment in capital assets; restricted and unrestricted. The Parish first utilizes restricted resources to finance qualifying activities.

The government-wide statement of activities reports both the gross and net cost of each of the Parish's functions. The functions are also supported by general government revenues (property taxes, sales and use taxes, certain intergovernmental revenues, etc.). The statement of activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function. Operating grants include operating specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants. The net cost (by function) is

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

normally covered by general revenue (property taxes, sales and use taxes, intergovernmental revenues, investment income, etc.).

The Parish does not allocate indirect costs. An administrative service fee is charged by the General Fund to the other operating funds to recover the direct costs of General Fund services provided (finance, personnel, purchasing, etc.). This fee is eliminated by reducing the revenue in the General Fund and the expense in the paying fund because the expense is not a direct expense of the program to which it was charged.

The government-wide focus is more on the sustainability of the Parish as an entity and the change in the Parish's net position resulting from the current year's activities.

Fund Financial Statements

The accounts of the Parish are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a separate set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

The fund financial statements provide information about the Parish's funds. Separate statements for each fund category - governmental and proprietary - are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as investment income, result from nonexchange transactions or ancillary activities. A fund is considered major if it is the primary operating fund of the Parish or meets the following criteria:

- a. Total assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and
- b. Total assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

The major funds of the Parish are described below:

Governmental Funds -

General Fund - This is the general operating fund of the Parish. It is used to account for all financial resources except those required to be accounted for in another fund.

Public Library Fund – This fund is used to account for the operation and maintenance of the main library and the branch libraries which provide services to citizens within the Parish. Revenues are derived from ad valorem taxes, state revenue sharing, and investment income.

Sales Tax Fund – This fund accounts for the maintenance and operation of solid waste collection and disposal facilities, including recycling, in the unincorporated areas of the Parish. Financing is provided primarily by two one-fourth of one percent sales and use taxes in the unincorporated areas of the Parish.

Public Buildings Maintenance Fund – This fund is used to account for the expenditures in connection with the maintenance and upkeep of parish buildings (i.e., Courthouse, Courthouse Annex, Veterans buildings, etc.). Revenues are derived from ad valorem taxes, state revenue sharing and interest income.

Parish Wide Drainage Maintenance Fund – This fund is used to account for expenditures in connection with the maintenance and upkeep of the parish drainage system. Revenues are derived from ad valorem taxes, state revenue sharing, and investment income.

Royalty Fund – This fund accounts for road improvements, drainage and other lawful purposes as may be necessary. Monies are derived from royalties from mineral leases on state-owned land within the Parish, federal and state grants, and other sources.

Mosquito Control/Drainage Program Fund – This fund accounts for the proceeds of a parish wide one-fourth of one percent sales and use tax which is primarily dedicated for the maintenance and operations of a mosquito control program for the citizens of Iberia Parish. The balance of the proceeds of the tax is to be divided annually between the Parish and the incorporated municipalities of the Parish on a per capita basis for the purpose of constructing, acquiring, and improving drainage facilities.

In addition, the Parish reports the following:

Internal Service Funds – These funds account for self-insurance and unemployment compensation coverages provided to the various programs/departments on a cost reimbursement basis.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

The Parish's internal service funds are presented in the proprietary funds financial statements. Because the principal users of the internal services are the Parish's governmental activities, the financial statements of the internal services funds are consolidated into the governmental column when presented in the government-wide financial statements. To the extent possible, the cost of these services is reported in the appropriate functional activity.

C. Measurement Focus/Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide statement of net position and the statement of activities, governmental activities are presented using the economic resources measurement focus as defined in item b. below. In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate:

- a. All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- b. The government-wide financial statement utilizes an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets, deferred outflows, liabilities (whether current or noncurrent) and deferred inflows associated with their activities are reported. Government-wide fund equity is classified as net position.

Basis of Accounting

In the government-wide statement of net position and statement of activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities and deferred inflows of resources resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures (including capital outlay) generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

When both restricted and unrestricted resources are available for use, it is the Parish's policy to use restricted resources first, then unrestricted resources as they are needed.

Program revenues

Program revenues included in the statement of activities are derived directly from the program itself or from parties outside the Parish's taxpayers or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the Parish's general revenues.

Allocation of indirect expenses

The Parish reports all direct expenses by function in the statement of activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses of other functions are not allocated to those functions, but are reported separately in the statement of activities. Interest on long-term debt is considered an indirect expense and is reported separately on the statement of activities.

Revenues

Federal and state entitlements (unrestricted grants-in-aid, which include state revenue sharing) are recorded when available and measurable. Expenditure-driven federal and state grants, which are restricted as to the purpose of the expenditure, are recorded when the reimbursable expenditures have been incurred.

Ad valorem taxes are recorded in the year taxes are due and payable. Ad valorem taxes are assessed in November, by the Parish Assessor, based on the assessed value and become due on November 15 of each year. The taxes become delinquent on January 1. An enforceable lien attaches to the property as of January 1. The taxes are generally collected in December, January, and February of the fiscal year. Property tax revenues are accrued at fiscal year-end to the extent that they have been collected but not received by the Iberia Parish Tax Collector's Office. Such amounts are measurable and available to finance current operations. Taxes are budgeted and the revenue is recognized in the year billed. The taxes are based on assessed values determined by the Tax Assessor of Iberia Parish and are collected by

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

the Sheriff. The taxes are remitted to the Parish net of deductions for Pension Fund contributions.

Interest income on interest-bearing deposits is recorded or accrued as revenues when earned. Substantially all other revenues are recorded when received.

Expenditures

The Parish's primary expenditures include salaries and insurance, which are recorded when the liability is incurred. Capital expenditures and purchases of various operating supplies are regarded as expenditures at the time purchased.

Other Financing Sources (Uses)

Transfers between funds that are not expected to be repaid are accounted for as other financing sources (uses) when the transfer is authorized by the members of the Parish.

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows and Equity

Cash and interest-bearing deposits

For purposes of the statement of net position, cash and interest-bearing deposits include all demand accounts, savings accounts, and certificates of deposits of the Parish. For purposes of statements of cash flows, all highly liquid investments (including restricted assets) with an original maturity of three months or less are considered to be cash equivalents.

Investments

Investments are stated at fair value. Fair value is defined as the amount at which a financial instrument could be exchanged in a current asset transaction between willing parties. Fair value was determined based on quoted market prices.

Interfund receivables and payables

During the course of operations, numerous transactions occur between individual funds that may result in amounts owed between funds. Those related to goods and services type transactions are classified as "due to and from other funds." Short-term interfund loans are reported as "interfund receivables and payables."

Long-term interfund loans (noncurrent portion) are reported as "advances from and to other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the statement of net position.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

Receivables

In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received. Major receivable balances for the governmental activities include ad valorem and sales and use taxes.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the governmental activities column in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The Parish maintains a threshold level of \$5,000 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

	<u>Years</u>
Land improvements	20-30
Buildings and improvements	10-40
Furniture and equipment	5-20
Infrastructure	20-50

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

Long-term Debt

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term debt to be repaid from governmental resources is reported as liabilities in the government-wide statements. The long-term debt consists primarily of bonds payable and certificates of indebtedness.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

Compensated Absences

Employees earn vacation pay in varying amounts, depending upon length of service. At the end of each year, employees may carryforward forty-five (45) days of vacation time earned but not taken. Subject to the above limitation, unused vacation is paid to an employee upon retirement or resignation at hourly rates being earned by that employee at separation.

Sick leave is accumulated in varying amounts, depending on length of service. Any unused sick leave may be carried forward without limitation. No sick leave is paid upon retirement or resignation.

Employees may also earn compensatory leave equal to the number of overtime hours worked. At the end of each year, employees may carry forward compensatory leave earned but not taken. Unused compensatory leave is paid to an employee upon retirement or resignation at hourly rates being earned by that employee at separation.

Firemen earn vacation and sick leave in accordance with state law. Firemen are paid for any overtime hours worked.

In the government-wide statements, the Parish accrues accumulated unpaid vacation leave and compensatory leave and associated related costs when earned (or estimated to be earned) by the employee. The current portion is the amount estimated to be used/paid in the following year. The remainder is reported as non-current. No compensated absences liability is recorded in the governmental fund financial statements.

Deferred Outflows of Resources and Deferred Inflows of Resources

Deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period(s) and thus, will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Equity Classifications

In the government-wide statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – Consists of net capital assets reduced by the outstanding balances of any related debt obligations and deferred inflows of resources attributable to the acquisition, construction, or improvement of those assets and increased by balances of deferred outflows of resources related to those assets.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

- b. Restricted net position – Net position is considered restricted if its use is constrained to a particular purpose. Restrictions are imposed by external organizations such as federal or state laws or buyers of the Parish’s bonds. Restricted net position is reduced by liabilities and deferred inflows of resources related to restricted assets. Constraints may be placed on the use, either by (1) external groups, such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provision or enabling legislation. The Parish typically uses restricted assets first, as appropriate opportunities arise, but reserves the right to selectively defer the use until a future project.
- c. Unrestricted net position – Net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in either of the other two categories of net position.

In the fund statements, fund balances are classified as follows in the governmental fund financial statements.

Nonspendable – amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted – amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed – amounts that can be used only for specific purposes determined by a formal action of the Council. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Council.

Assigned – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the Parish’s adopted policy, management may assign amounts for specific purposes.

Unassigned – all other spendable amounts.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

Fund balance components other than unassigned fund balances consist of the following:

	<u>Nonspendable</u>	<u>Restricted</u>	<u>Committed</u>	<u>Assigned</u>
General Fund				
Emergency expenditures	\$ -	\$ -	\$ 515,153	\$ -
Public Library	-	8,556,711	-	-
Sales Tax				
Solid waste operations	-	5,455,928	-	-
Public Buildings Maintenance	-	6,027,616	-	-
Parish Wide Drainage Maintenance	-	5,249,341	-	-
Economic development		9,375,820		
Royalty				
Subsequent year expenditures	-	-	-	5,534,979
Nonmajor funds				
Library endowment	68,863	-	-	-
Health Unit	-	3,604,758	-	-
Industrial development	-	1,413	-	-

Housing assistance	-	51,302	-	-
Debt service	-	214,271	-	3,124
Capital projects		189,431	4,954,573	226,904
Disaster relief	-	-	173,098	-
Subsequent year expenditures	-	2,632	-	31,509
	<u>\$ 68,863</u>	<u>\$ 38,845,706</u>	<u>\$ 5,642,824</u>	<u>\$ 7,061,859</u>
Total				

When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Parish considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Council has provided otherwise in its commitment or assignment actions.

E. Impairments

The Parish evaluates long-term assets to be held and used for impairment when events or changes in economic circumstances indicate the carrying value of such assets may be unrecoverable. The Parish uses an estimate of the future undiscounted net cash flows to measure whether the assets are recoverable and measured for impairment by reference to fair value. Fair value is generally estimated using the Parish's expectations of discounted net cash flows. Long-term assets to be disposed of are carried at the lower of cost or fair value less the costs of disposal.

F. Interfund Transfers

Permanent reallocation of resources between funds of the primary government are classified as interfund transfers. For the purposes of the statement of activities, all interfund transfers between individual governmental funds have been eliminated.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

G. Capitalization of Interest Expense

It is the policy of the Parish to capitalize material amounts of interest resulting from borrowings in the course of the construction of capital assets. There was no capitalized interest expense recorded during the year.

H. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows, liabilities, and deferred inflows and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

(2) Cash and Interest-Bearing Deposits

Under state law, the Parish may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the Union, or the laws of the United States. The Parish may invest in certificates and time deposits of the state banks organized under Louisiana law and national banks having principal offices in Louisiana.

Custodial credit risk for deposits is the risk that in the event of the failure of a depository financial institution, the Parish's deposits may not be recovered or will not be able to recover the collateral securities that are in the possession of an outside party. These deposits are stated at cost, which approximates market. Under state law, these deposits, (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the pledging financial institution. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the financial institution. These securities are held in the name of the pledging financial institution in a holding or custodial bank that is mutually acceptable to both parties. Deposit balances (bank balances) were secured as follows:

	<u>Primary Government</u>	<u>Component Units *</u>
Bank balances	<u>\$ 50,387,534</u>	<u>\$ 12,935,106</u>
Deposits are secured as follows:		
Federal deposit insurance	\$ 250,000	\$ 2,250,436
Uninsured and collateral held by the pledging bank, not in the Parish's name	<u>50,137,534</u>	<u>10,684,670</u>
Total	<u>\$ 50,387,534</u>	<u>\$ 12,935,106</u>

* Information is provided for each component unit that does not issue a separate audit report.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

(3) Receivables

Accounts receivable in the Primary Government consisted of the following:

	<u>Accounts</u>	<u>Sales Tax</u>	<u>Ad Valorem</u>	<u>Other</u>	<u>Total</u>
General	\$ 37,884	\$ -	\$ 1,447,462	\$ -	\$ 1,485,346

Solid Waste	-	179,554	-	-	179,554
Public Buildings Maintenance	4,548	-	2,427,675	450	2,432,673
Parish Wide Drainage Maintenance	-	-	1,725,549	-	1,725,549
Mosquito Control	-	229,314	-	-	229,314
Economic Development	-	128,729	-	-	128,729
Other Governmental Funds	<u>5,257</u>	<u>33,245</u>	<u>1,413,779</u>	<u>1,063</u>	<u>1,453,344</u>
Total	<u>\$ 47,689</u>	<u>\$ 570,842</u>	<u>\$ 8,764,663</u>	<u>\$ 1,516</u>	<u>\$ 9,384,710</u>

(4) Sales and Use Tax

The Iberia Parish Government is authorized and has levied the following sales and use taxes:

Primary Government:

1982 one-quarter cent sales and use tax

This tax is collected in the unincorporated areas of the Parish. It is used for constructing, acquiring, improving, maintaining, and operating solid waste collection and disposal facilities in the unincorporated areas of the Parish.

1983 one-quarter cent sales and use tax

This tax is collected parishwide. It is used to pay the cost of maintaining and operating a parishwide mosquito control program. The balance of the proceeds is to be divided annually, on or before May 1, of each year, between Iberia Parish Government and the incorporated municipalities of the Parish, on a per capita basis, according to the current United States Census. These proceeds are dedicated for constructing, acquiring, and improving drainage facilities.

1987 two cent sales and use tax

This tax is collected parishwide. It is a hotel occupancy tax on income from the occupancy of hotel rooms, motel rooms, and overnight camping facilities within the Parish. The proceeds shall be used to provide funds for industrial inducement and economic development in Iberia Parish through Iberia Industrial Development Foundation.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

1996 one-quarter cent sales and use tax

This tax is collected in the unincorporated areas of the Parish. It is used to supplement other sales tax revenues collected to construct, acquire, improve, maintain, and operate solid waste collection and disposal facilities, including the cost of a recycling program.

2011 one cent sales and use tax

This tax is collected within the boundaries of Economic Development District No. 1. It is used to provide financing for economic development projects. This District encompasses properties located near the Highway 90 corridor and at the Port of Iberia and Acadiana Regional Airport.

Component Units:

1979 two cent sales and use tax

This tax is collected parishwide. It is a hotel occupancy tax on income from the occupancy of hotel rooms, motel rooms, and overnight camping facilities within the Parish. The proceeds shall be used for the purpose of providing funds for Iberia Parish Tourist Commission to attract conventions and tourists into the Parish.

1986 one-quarter cent sales and use tax

This tax is collected in District No. 2. It is used to provide for the maintenance and operation of recreational facilities in District No. 2 and for constructing, acquiring, and improving recreational facilities in District No. 2. District No. 2 includes all of Iberia Parish except for the incorporated area of the City of New Iberia.

Revenues derived from the above taxes were as follows:

<u>Levy</u>	<u>Rate</u>	<u>Dedication</u>	<u>Amount</u>
Primary Government:			
1982 and 1996	0.50%	Solid waste and recycling	\$ 2,251,976
1983	0.25%	Mosquito control	2,906,877
1987	2.00%	Industrial development	196,144
2011	1.00%	Economic development	<u>1,712,211</u>
		Total primary government	<u>\$ 7,067,208</u>
Component Units: *			
1979	2.00%	Tourism inducement	\$ 196,144
1986	0.25%	Recreation	<u>1,457,096</u>
		Total component units	<u>\$ 1,653,240</u>

* Information is provided for each component unit that does not issue a separate audit report.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

All of the above taxes are collected by the Iberia Parish School Board and are remitted to Iberia Parish Government monthly, net of an administrative fee.

(5) Receivables and Payables Between Primary Government and Component Units

Receivable and payable balances between the primary government and its discretely presented component units were as follows:

Fund	Receivable	Payable
Primary Government:		
General Fund	\$ 6,228	\$ 57,364
Royalty Fund	18,500	153,028
Mosquito Control/Drainage Program	-	502,580

Wheel Loader	3/15/2016	2/15/2021	2.29%	85,128
Totals				\$ 665,161

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

The following is a schedule of the future minimum lease payments under the capital leases, and the present value of the net minimum lease payments:

Year Ending December 31,	
2018	394,242
2019	196,971
2020	80,946
2021	8,565
	680,724
Less: amount representing interest	(15,563)
Present value of future minimum lease payments	\$ 665,161

B. Operating Lease

Iberia Parish Government uses various land lots for the parish landfill under operating leases that expire at December 31, 2019. Lease expense amounted to \$50,000. Iberia Parish Government also entered into various equipment leases in April 2017 that expire March 2022. Lease Expense amounted to \$158,594. Future minimum lease payments under the agreements were as follows:

Year ending December 31,	
2018	\$ 258,356
2019	258,356
2020	208,356
2021	208,356
2022	52,089
Total	\$ 985,513

(9) Employee Retirement Systems

The Parish participates in two cost-sharing multiple-employer, public employee retirement systems (PERS): Parochial Employees Retirement System of Louisiana and Firefighter's Retirement System. Each system is administered and controlled by a separate board of trustees.

A. Parochial Employees Retirement System of Louisiana (System)

Plan Description: Parochial Employees' Retirement System of Louisiana is the administrator of a cost sharing multiple employer defined benefit pension plan. The System was established and provided for by R.S.11:1901 of the Louisiana Revised Statute (LRS). The System provides retirement benefits to employees of taxing districts of a parish or any branch or section of a parish within the State which does not have their own retirement system and which elects to become members of the System.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

The Parochial Employees' Retirement System of Louisiana issues a stand-alone report on their financial statements. Access to the report can be found on the Louisiana Legislative Auditor's website, www.lla.la.gov.

The following is a description of the plan and its benefits and is provided for general information purposes only. Participants should refer to these appropriate statutes for more complete information.

Eligibility Requirements:

All permanent parish government employees who work at least 28 hours a week shall become members on the date of employment. New employees meeting the age and Social Security criteria have up to 90 days from the date of hire to elect to participate.

As of January 1997, elected officials, except coroners, justices of the peace, and parish presidents may no longer join the System.

Retirement Benefits:

Any member of Plan A can retire providing he/she meets one of the following criteria:

For employees hired prior to January 1, 2007:

1. Any age with thirty (30) or more years of creditable service.
2. Age 55 with twenty-five (25) years of creditable service.
3. Age 60 with a minimum of ten (10) years of creditable service.
4. Age 65 with a minimum of seven (7) years of creditable service.

For employees hired after January 1, 2007:

1. Age 55 with 30 years of service.
2. Age 62 with 10 years of service.
3. Age 67 with 7 years of service.

Generally, the monthly amount of the retirement allowance of any member of Plan A shall consist of an amount equal to three percent of the member's final average compensation multiplied by his/her years of creditable service. However, under certain conditions, as outlined in the statutes, the benefits are limited to specified amounts.

Survivor Benefits:

Upon the death of any member of Plan A with five (5) or more years of creditable service who is not eligible for retirement, the plan provides for benefits for the surviving spouse and minor children, as outlined in the statutes.

Any member of Plan A, who is eligible for normal retirement at time of death, the surviving spouse shall receive an automatic Option 2 benefit, as outlined in the statutes.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

A surviving spouse who is not eligible for Social Security survivorship or retirement benefits, and married not less than twelve (12) months immediately preceding death of the member, shall be paid an Option 2 benefit beginning at age 50.

Deferred Retirement Option Plan:

Act 338 of 1990 established the Deferred Retirement Option Plan (DROP) for the Retirement System. DROP is an option for that member who is eligible for normal retirement.

In lieu of terminating employment and accepting a service retirement, any member of Plan A or B who is eligible to retire may elect to participate in the Deferred Retirement Option Plan (DROP) in which they are enrolled for three years and defer the receipt of benefits. During participation in the plan, employer contributions are payable but employee contributions cease. The monthly retirement benefits that would be payable, had the person elected to cease employment and receive a service retirement allowance, are paid into the DROP Fund.

Upon termination of employment prior to or at the end of the specified period of participation, a participant in the DROP may receive, at his option, a lump sum from the account equal to the payments into the account, a true annuity based upon his account balance in that fund, or roll over the fund to an Individual Retirement Account.

Interest is accrued on the DROP benefits for the period between the end of DROP participation and the member's retirement date.

For individuals who become eligible to participate in the Deferred Retirement Option Plan on or after January 1, 2004, all amounts which remain credited to the individual's subaccount after termination in the Plan will be placed in liquid asset money market investments at the discretion of the board of trustees. These subaccounts may be credited with interest based on money market rates of return or, at the option of the System, the funds may be credited to self-directed subaccounts. The participant in the self-directed portion of this Plan must agree that the benefits payable to the participant are not the obligations of the state or the System, and that any returns and other rights of the Plan are the sole liability and responsibility of the participant and the designated provider to which contributions have been made.

Disability Benefits:

For Plan A, a member shall be eligible to retire and receive a disability benefit if they were hired prior to January 1, 2007, and has at least five years of creditable service or if hired after January 1, 2007, has seven years of creditable service, and is not eligible for normal retirement and has been officially certified as disabled by the State Medical Disability Board. Upon retirement caused by disability, a member of Plan A shall be paid a disability benefit equal to the lesser of an amount equal to three percent of the member's final average compensation multiplied by his years of service, not to be less than fifteen, or three percent multiplied by years of service assuming continued service to age sixty.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

Cost of Living Increases:

The Board is authorized to provide a cost of living allowance for those retirees who retired prior to July 1973. The adjustment cannot exceed 2% of the retiree's original benefit for each full calendar year since retirement and may only be granted if sufficient funds are available from investment income in excess of normal requirements. In addition, the Board may provide an additional cost of living increase to all retirees and beneficiaries who are over age sixty-five equal to 2% of the member's benefit paid on October 1, 1977, (or the member's retirement date, if later). Also, the Board may provide a cost of living increase up to 2.5% for retirees 62 and older. (RS 11:1937). Lastly, Act 270 of 2009 provided for further reduced actuarial payments to provide an annual 2.5% cost of living adjustment commencing at age 55.

Employer Contributions:

According to state statute, contributions for all employers are actuarially determined each year. For the year ended December 31, 2016, the actuarially determined contribution rate was 10.52% of member's compensation for Plan A. However, the actual rate for the fiscal year ending December 31, 2016 was 13.00% for Plan A.

According to state statute, the System also receives $\frac{1}{4}$ of 1% of ad valorem taxes collected within the respective parishes, except for Orleans and East Baton Rouge parishes. The System also receives revenue sharing funds each year as appropriated by the Legislature. Tax monies and revenue sharing monies are apportioned between Plan A and Plan B in proportion to the member's compensation. These additional sources of income are used as additional employer contributions and are considered support from non-employer contributing entities.

Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions:

As reflected in the table below, at December 31, 2017, the Parish reported a liability for its proportionate share of the net pension liability, which was reported in the governmental or component unit activities. The net pension liability was measured as of December 31, 2016 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Parish's proportion of the net pension liability was based on a projection of the Parish's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At December 31, 2016, the Parish's proportion was 1.150074% a decrease of .055139% from December 31, 2015. For the year ended December 31, 2016, the Parish recognized pension expense less employer's amortization of change in proportionate share and differences between employer contributions and proportionate share of contributions.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

	Proportionate share of Net Pension Liability	Proportionate share of contributions	Pension expense	Amortization of change in proportionate share

	<u>\$ 692,445</u>	<u>\$ 738,461</u>	<u>\$ 482,035</u>	<u>\$ (49,660)</u>	<u>\$ 1,863,281</u>

* Information is provided for each component unit that does not issue a separate audit report.

Actuarial Methods and Assumptions:

The net pension liability was measured as the portion of the present value of projected benefit payments to be provided through the pension plan to current active and inactive employees that is attributed to those employees' past periods of service, less the amount of the pension plan's fiduciary net position.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

A summary of the actuarial methods and assumptions used in determining the total pension liability are as follows:

Valuation Date	December 31, 2016
Actuarial Cost Method Plan A	Entry Age Normal
Investment Rate of Return	7% (Net of investment expense)
Expected Remaining Service Lives	4 years
Projected Salary Increases	Plan A - 5.25% (2.75% Merit/2.50% Inflation)

Cost of Living Adjustment	The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The present values do not include provisions for potential future increase not yet authorized by the Board of Trustees.
---------------------------	---

Mortality	RP-2000 Employee Sex Distinct Table was selected for employees. RP-2000 Healthy Annuitant Sex Distinct Tables were selected for annuitants and beneficiaries. RP-2000 Disabled Lives Mortality Table was selected for disabled annuitants.
-----------	--

The discount rate used to measure the total pension liability was 7% for Plan A. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers and non-employer contributing entities will be made at the actuarially determined contribution rates, which are calculated in accordance with relevant statutes and approved by the Board of Trustees and the Public Retirement Systems' Actuarial Committee. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

The long-term expected rate of return on pension plan investments was determined using a triangulation method which integrated the CAPM pricing model (top-down), a treasury yield curve approach (bottom-up) and an equity building-block model (bottom-up). Risk return and correlations are projected on a forward looking basis in equilibrium, in which best-estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation and an adjustment for the effect of rebalancing/diversification.

Best estimates of arithmetic real rates of return for each major asset class included in the System's target asset allocation are summarized in the following table:

Asset Class	Target Asset Allocation	Long-Term Expected Portfolio Real Rate of Return
Fixed income	35%	1.24%
Equity	52%	3.63%
Alternatives	11%	0.67%
Real assets	<u>2%</u>	<u>0.12%</u>
Totals	<u>100%</u>	<u>5.66%</u>
Inflation		<u>2.00%</u>
Expected Arithmetic Nominal Return		<u>7.66%</u>

The mortality rate assumption used was set based upon an experience study performed on plan data for the period January 1, 2010 through December 31, 2014. The data was then assigned credibility weighting and combined with a standard table to produce current levels of mortality. This mortality was then projected forward to a period equivalent to the estimated duration of the System's liabilities. Annuity values calculated based on this mortality were compared to those produced by using a set back of standard tables. The result of the procedure indicated that the tables used would produce liability values approximating the appropriate generational mortality tables.

Sensitivity to Changes in Discount Rate:

The following presents the net pension liability of the participating employers calculated using the discount rate of 7.00%, as well as what the employers' net pension liability would be if it were calculated using a discount rate that is one percentage point lower 6.00% or one percentage point higher 8.00% than the current rate.

* Information is provided for each component unit that does not issue a separate audit report.

B. Firefighter's Retirement System (System)

Plan description: The Firefighters' Retirement System (the System) is the administrator of a cost-sharing multiple-employer plan. Membership in FRS is a condition of employment for any full-time firefighters who earn more than \$375 per month and are employed by any municipality, parish, or fire protection district of the State of Louisiana in addition to employees of the Firefighters' Retirement System. The System provides retirement benefits for their members. The projections of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the System in accordance with benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

Firefighters' Retirement System issues a stand-alone report on its financial statements. Access to the audit report can be found on the System's website www.lafirefightersret.com or on the Office of Louisiana Legislative Auditor's official website www.lla.state.la.us.

Benefit provisions are authorized within Act 434 of 1979 and amended by LRS 11:2251-11:2272. The following is a brief description of the plan and its benefits and is provided for general informational purposes only. Participants should refer to the appropriate statutes for more complete information.

Any person who becomes an employee as defined in RS 11:2252 on and after January 1, 1980 shall become a member as a condition of employment.

No person who has attained age fifty or over shall become a member of the System, unless the person becomes a member by reasons of a merger or unless the System received an application for membership before the applicant attained the age of fifty. No person who has not attained the age of eighteen years shall become a member of the System.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

Any person who has retired from service under any retirement system or pension fund maintained basically for public officers and employees of the state, its agencies or political subdivisions, and who is receiving retirement benefits there from may become a member of System, provided the person meets all other requirements for membership. Service credit from the retirement system or pension plan from which the member is retired shall not be used for reciprocal recognition of service with this System, or for any other purpose in order to attain eligibility or increase the amount of service credit in this System.

Retirement Benefits: Employees with 20 or more years of service who have attained age 50, or employees who have 12 years of service who have attained age 55, or 25 years of service at any age are entitled to annual pension benefits equal to 3.333% of their average final compensation based on the 36 consecutive months of highest pay multiplied by their total years of service, not to exceed 100%. Employees may elect to receive their pension benefits in the form of a joint and survivor annuity.

If employees terminate before rendering 12 years of service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to their employer's contributions. Benefits are payable over the employees' lives in the form of a monthly annuity. An employee may elect an unreduced benefit or any of seven options at retirement. See R.S. 11:2256(A) for additional details on retirement benefits.

Disability Benefits: A member who acquires a disability, and who files for disability benefits while in service, and who upon medical examination and certification as provided for in Title 11, is found to have a total disability solely as the result of injuries sustained in the performance of his official duties, or for any cause, provided the member has at least five years of creditable service and provided that the disability was incurred while the member was an active contributing member in active service, shall be entitled to disability benefits under the provisions of R.S. 11:2258(B).

Death Benefits: Benefits shall be payable to the surviving eligible spouse or designated beneficiary of a deceased member as specified in R.S. 11:2256(B) & (C).
Deferred Retirement Option Plan Benefits: After completing 20 years of creditable service and attaining the age of 50 years, or 25 years at any age, a member may elect to participate in the deferred retirement option plan (DROP) for up to 36 months.

Deferred Retirement Option Plan Benefits: After completing 20 years of creditable service and age 50 or 25 years at any age, a member may elect to participate in the deferred retirement option plan (DROP) for up to 36 months.

Upon commencement of participation in the deferred retirement option plan, employer and employee contributions to the System cease. The monthly retirement benefits that would have been payable is paid into the deferred retirement option plan account. Upon termination of employment, a participant in the program shall receive, at his option, a lump-sum payment from the account or an annuity based on the deferred retirement option plan account balance in addition to his regular monthly benefit.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

If employment is not terminated at the end of the 36 months, the participant resumes regular contributions to the System. No payments may be made from the deferred retirement option plan account until the participant retires.

Initial Benefit Option Plan: Effective June 16, 1999, members eligible to retire and who do not choose to participate in DROP may elect to receive, at the time of retirement, an initial benefit option (IBO) in an amount up to 36 months of benefits, with an actuarial reduction of their future benefits. Such amounts may be withdrawn or remain in the IBO account earning interest at the same rate as the DROP account.

Cost of Living Adjustments (COLAs): Under the provisions of R.S. 11:246 and 11:2260(A)(7), the board of trustees is authorized to grant retired members and widows of members who have retired an annual cost of living increase of up to 3% of their current benefit, and all retired members and widows who are 65 years of age and older a 2% increase in their original benefit. In order for the board to grant either of these increases, the System must meet certain criteria detailed in the statute related to funding status and interest earnings (R.S. 11:243). In lieu of these COLAs, pursuant to R.S. 11:241, the board may also grant an increase in the form of "X x (A+B)," where "X" is any amount up to \$1 per month, and "A" is equal to the number of years of credited service accrued at retirement or at death of the member of retiree, and "B" is equal to the number of years since retirement or since death of the member or retiree to June 30th of the initial year of such increase.

Employer Contributions: Employer contributions are actuarially determined each year. For the year ended June 30, 2017, employer and employee contributions for members above the poverty line were 25.25% and 10.0%, respectively. The employer and employee contribution rates for those members below the poverty line were 27.25% and 8.0%, respectively.

Non-employer Contributions: The System also receives insurance premium tax monies as additional employer contributions. The tax is considered support from a non-contributing entity and appropriated by the legislature each year based on an actuarial study. Non-employer contributions are recognized as revenue during the year and excluded from pension expense.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions: The Parish reported a liability of \$3,539,119 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Parish's proportion of the net pension liability was based on a projection of the Parish's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2017, the Parish's proportionate share was .617448%, which was an increase of .09168% from its proportionate share measured as of June 30, 2016.

The Parish recognized pension expense of \$713,890 less employer's amortization of change in proportionate share and differences between employer contributions and proportionate share of contributions, of \$243.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

The Parish reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Difference between expected and actual experiences	Changes of assumptions	Net difference between projected and actual earnings on pension plan investments	Change in proportion and differences between employer contributions and proportionate share of contributions	Employer contributions subsequent to measurement date
Deferred Outflows of Resources	\$ -	\$ 148,025	\$ 304,466	\$ 629,847	\$ 206,500
Deferred Inflows of Resources	\$ 197,366	\$ 844	\$ 1,265	\$ 67,894	\$ -

Deferred outflows of resources of \$206,500 related to pensions resulting from the Parish's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

2018	2019	2020	2021	2022	2023	Total
\$ 224,925	\$ 285,892	\$ 150,807	\$ (26,872)	\$ 104,301	\$ 75,916	\$ 814,969

Actuarial Assumptions: The net pension liability was measured as the portion of the present value of projected benefit payments to be provided through the pension plan to current active and inactive employees that is attributed to those employees' past periods of service, less the amount of the System's fiduciary net position.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

A summary of the actuarial methods and assumptions used in determining the total pension liability of the System as of June 30, 2017 are as follows:

Valuation Date	June 30, 2017
Actuarial Cost Method Plan A	Entry Age Normal
Investment Rate of Return	7.4% per annum
Expected Remaining Service Lives	7 years
Projected Salary Increases	Vary from 15.0% in the first two years of service to 4.75% after 25 years or more years of service; includes inflation and merit increases.
Inflation rate	2.775% per annum
Cost of Living Adjustment	Only those previously granted

The mortality rate assumption used was set based upon an experience study performed on plan data for the period July 1, 2009 through June 30, 2014. The data was then assigned credibility weighting and combined with a standard table to produce current levels of mortality. This mortality was then projected forward to a period equivalent to the estimated duration of the System's liabilities. Annuity values calculated based on this mortality were compared to those produced by using a setback of standard tables. The result of the procedure indicated that the tables used would produce liability values approximating the appropriate generational mortality tables.

The estimated long term expected rate of return on pension plan investments was determined using a building block method in which best estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of real rates of return for each major asset class included in FRS' target asset allocation are summarized in the following table:

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

Asset Class	Target Asset Allocation	Long-Term Expected Portfolio Real Rate of Return
Fixed income	23%	2.04%
Equity	57%	6.82%
Alternatives	10%	6.68%
Other	<u>10%</u>	<u>4.60%</u>
Totals	<u>100%</u>	<u>5.54%</u>
Inflation		<u>2.75%</u>
Expected Arithmetic Nominal Return		<u>8.29%</u>

The discount rate used to measure the total pension liability was 7.4%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of the System's actuary. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity to Changes in the Discount Rate: The following presents the net pension liability of the Parish, calculated using the discount rate of 7.4%, as well as what the Parish's net pension liability would be if it were calculated using a discount rate that is one percentage point lower, or one percentage point higher than the current rate.

	1.0% Decrease	Current Discount Rate	1.0% Increase
	<u>6.40%</u>	<u>7.40%</u>	<u>8.40%</u>

(10) Post Employment Benefits

From an accrual accounting perspective, the cost of postemployment healthcare benefits should be associated with the periods in which the cost occurs, rather than in the future year when it will be paid. The Parish recognizes the cost of postemployment healthcare in the year when employee services are received, reports the accumulated liability from prior years, and provides information useful in assessing potential demands on the Parish's future cash flows. Because the Parish has adopted these requirements prospectively, recognition of the liability accumulated from prior years will be phased in over 30 years, commencing with the 2008 liability.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

Plan Description: Iberia Parish Government provides certain continuing medical, dental and life benefits for its retired employees through a fully insured plan. Benefits are available to employees upon actual retirement. Premiums are paid jointly by the retiree and the Parish. The plan is a single-employer defined benefit health care plan administered by the Parish. The Parish has the authority to establish and amend the benefit provisions of the plan. The plan does not issue a publicly available financial report.

Employees, except firefighters, are covered by the Parochial Employees' Retirement System of Louisiana, whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 30 years of service at any age; age 55 and 25 years of service; age 60 and 10 years of service; or, age 65 and 7 years of service. For employees hired on and after January 1, 2007 retirement eligibility (D.R.O.P. entry) provisions are as follows: age 55 and 30 years of service; age 62 and 10 years of service; or, age 67 and 7 years of service. Retirement eligibility (D.R.O.P. entry) provisions for firefighters in the State Firefighters' System are as follows: 25 years of service at any age; age 50 and 20 years of service; or age 55 and 12 years of service. Complete plan provisions are included in the official plan documents.

Life insurance coverage is available to retirees and the blended rate (active and retired). The retiree pays 50% of the blended cost of the retiree life insurance, and there is thus an implicit employer subsidy involved. The Parish has used the 94GAR mortality table to "unblend" the rates so as to reproduce the composite blended rate overall as the rate structure to calculate the actuarial valuation results for life insurance. All of the assumptions used for the valuation of the medical benefits have been used except for the trend assumption; zero trend was used for life insurance. Insurance coverage amounts are reduced to 65% of the original level at age 65, to 50% at age 70 and to 35% at age 75.

Contribution Rates – Employees do not contribute to their post employment benefits costs until they become retirees and begin receiving those benefits. The plan provisions and contribution rates are contained in the official plan documents.

Funding Policy - Until 2008, the Parish recognized the cost of providing post-employment medical and life insurance benefits (the Parish's portion of the retiree medical and life insurance benefit premiums) as an expense when the benefit premiums were due and thus financed the cost of the post-employment benefits on a pay-as-you-go basis. The Parish's portion of health care and life insurance funding cost for retired employees totaled \$439,428.

Annual OPEB Cost – The Parish's OPEB cost is calculated based on the annual required contribution (ARC) of the employer. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities over a period not to exceed thirty years. The Parish utilizes the level-dollar amortization method to amortize the unfunded actuarial accrued liability.

The following table shows the Parish's actuarially computed ARC:

Normal cost	\$ 945,926
30-year UAL amortization amount	<u>983,181</u>
Annual required contribution (ARC)	<u>\$ 1,929,107</u>

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

Net Post-employment Benefit Obligation (Asset) – The table below shows the Parish’s Net Other Post-employment Benefit (OPEB) Obligation:

Annual required contribution	\$ 1,929,107
Interest on net OPEB obligation	363,820
Adjustment to annual required contribution	<u>(525,993)</u>
Annual OPEB cost (expense)	1,766,934
Current year retiree premium	<u>(439,428)</u>
Increase in net OPEB obligation	1,327,506
Net OPEB obligation - beginning of year	<u>9,095,496</u>
Net OPEB obligation - end of year	<u><u>\$ 10,423,002</u></u>

Net OPEB obligation as detailed between the primary government and the various component units follows:

Primary government	\$ 7,572,917
Component units:	
Fire Protection Maintenance District	1,166,407
Mosquito Abatement District	271,692
Recreation and Playground Commission	583,662
Tourist Commission	119,696
Sewerage District No. 1	342,273
Iberia Parish Airport Authority	241,411
Acadiana Fairgrounds Commission	<u>124,944</u>
Total	<u><u>\$ 10,423,002</u></u>

The Parish’s annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation is as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
12/31/17	\$ 1,766,934	25%	\$ 10,423,002
12/31/16	\$ 1,716,081	24%	\$ 9,095,496
12/31/15	\$ 1,870,499	24%	\$ 7,786,293

Funded Status and Funding Progress: The Parish made no contributions to its post employment benefits plan. The plan is not funded, has no assets, and hence has a funded ratio of zero. Based on the most recent valuation, the Actuarial Accrued Liability (AAL) at the end of the year was \$17,681,073 which is defined as that portion, as determined by a particular actuarial cost method (the Parish uses the Projected Unit Credit Cost Method), of the actuarial present value of post

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

employment plan benefits and expenses which is not provided by normal cost. The funded status of the plan was as follows:

Actuarial accrued liability (AAL)	\$ 17,681,073
Actuarial valuation of plan assets	<u>-</u>
Unfunded actuarial accrued liability (UAAL)	<u>\$ 17,681,073</u>
Funded ratio (actuarial value of plan assets/AAL)	0%
Covered payroll (active plan members)	\$ 8,182,828
UAAL as a percentage of covered payroll	216.1%

The schedule of funding progress presented as required supplementary information following the notes to the financial statements presents multi-year trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions – Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. The actuarial valuation for post employment benefits includes estimates and assumptions regarding (1) turnover rate; (2) retirement rate; (3) health care cost trend rate; (4) mortality rate; (5) discount rate (investment return assumption); and (6) the period to which the costs apply (past, current, or future years of service by employees). Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

The actuarial calculations are based on the types of benefits provided under the terms of the substantive plan (the plan as understood by the Parish and its employee plan members) at the time of the valuation and on the pattern of sharing costs between the Parish and its plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the Parish and plan members in the future. Consistent with the long-term perspective of actuarial calculations, the actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial liabilities and the actuarial value of assets.

Actuarial Cost Method – The ARC is determined using the Projected Unit Credit Cost Method. The employer portion of the cost for retiree medical care in each future year is determined by projecting the current cost levels using the healthcare cost trend rate and discounting this projected amount to the valuation date using the other described pertinent actuarial assumptions, including the investment return assumption (discount rate), mortality and turnover.

Actuarial Value of Plan Assets – There are no plan assets. It is anticipated that in future valuations, should funding take place, a smoothed market value consistent with Actuarial Standards Board ASOP 6 will be used.

Turnover Rate – An age-related turnover scale based on actual experience has been used. The rates, when applied to the active employee census, produce a composite average annual turnover of

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

approximately 10%. It has further been assumed that 10% of retiring employees decline health coverage as a result of the required contribution by the retiree.

Post employment Benefit Plan Eligibility Requirements – Based on past experience, it has been assumed that entitlement to benefits will commence three years after eligibility to enter the D.R.O.P. Medical benefits are provided to employees upon actual retirement.

Investment Return Assumption (Discount Rate) – The investment return assumption should be the estimated long-term investment yield on the investments that are expected to be used to finance the payment of benefits (that is, for a plan which is funded). Based on the assumption that the ARC will not be funded, a 4% annual investment return has been used in this valuation.

Health Care Cost Trend Rate – The expected rate of increase in medical cost is based on a graded schedule beginning with 8% annually, down to an ultimate annual rate of 5.0% for ten years out and later.

Mortality Rate - The 1994 Group Annuity Reserving (94GAR) table, projected to 2002, based on a fixed blend of 50% of the unloaded male mortality rate and 50% of the unloaded female mortality rates, was used. This is a published mortality table which was designed to be used in determining the value of accrued benefits in defined benefit pension plans.

Method of Determining Value of Benefits – The "value of benefits" has been assumed to be the portion of the premium after retirement date expected to be paid by the employer for each retiree and has been used as the basis for calculating the actuarial present value of OPEB benefits to be paid. The retiree medical premium rates provided are "unblended" rates as required.

Inflation Rate - Included in both the Investment Return Assumption and the Healthcare Cost Trend rates above is an implicit inflation assumption of 2.50% annually.

Projected Salary Increases - This assumption is not applicable since neither the benefit structure nor the valuation methodology involves salary.

Post-retirement Benefit Increases - The plan benefit provisions in effect for retirees as of the valuation date have been used and it has been assumed for valuation purposes that there will not be any changes in the future.

(11) Litigation and Claims

The Parish was involved in various lawsuits. The Parish's legal counsel has reviewed the claims and lawsuits in order to evaluate the likelihood of an unfavorable outcome to the Parish and to arrive at an estimate, if any, of the amount of range of potential loss to the Parish not covered by insurance. As a result of the review, the various claims and lawsuits have been categorized as "remote," as defined by the Governmental Accounting Standards Board. It is the opinion of the Parish that the liability, if any, which might arise from these lawsuits would not have a material adverse effect on the Parish's financial position.

The Parish also owns and operates a parish landfill. The Parish was not aware of any environmental liabilities with respect to the landfill, not already recognized in the financial statements. Nor was the Parish aware of any environmental issues regarding any other properties or holdings of the Parish.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

(12) Risk Management

Iberia Parish Government is self-insured for general liability, automobile liability, errors and omissions, property and workers' compensation. The Parish also purchases excess coverage through outside sources. These activities are accounted for in the Risk Management Fund which was established in 1991.

Effective March 1, 2008, the Parish changed its workers' compensation coverage from self-insured to fully insured. All workers' compensation claims incurred prior to this date will be funded through the Risk Management Fund.

The Parish has a plan for contract administration services. The administrator handles the processing and payment of claims. The Parish reimburses the administrator after payment is made. Most funds of the Parish participate in the program and make payments to the Risk Management Fund based on premiums needed to pay prior and current year claims, administrative costs, and commercial insurance premiums.

The claims liability is based on the requirements of GASB, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Changes in the fund's unpaid claims liability amount were as follows:

	2017	2016
Balance, beginning	\$ 439,904	\$ 395,261
Current year claims and changes in estimates	196,414	300,273
Claims paid	(286,124)	(255,630)
Balance, ending	\$ 350,194	\$ 439,904

Effective July 1, 1997, the Parish began funding its own unemployment compensation. The Unemployment Compensation Fund was established to account for interdepartmental charges and claims related to unemployment. The Parish has a contract for administrative services related to all unemployment claims. Benefit charges are charged to expense in the period the charge is determinable.

(13) Closure and Post Closure Care Costs

Iberia Parish Government operates one Type III landfills. State and federal laws and regulations require the Parish to perform certain maintenance and monitoring functions at the site after closure. Following is a recap of closure and post-closure costs for the landfill:

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

	<u>Landfill #2</u>
Closure costs	\$ 171,452
Post-closure costs	15,000
Total	\$ 186,452

Due to materiality, no liability is recorded for these amounts. Closure was originally anticipated to be ten years from opening the landfill. Landfill #2 was opened in March 2005 and is at approximately 80% capacity as of year end. Due to inflation, changes in technology, laws or regulations, the estimated costs may change in the future.

(14) Contingencies and Commitments

The Parish participates in certain federal and state assisted grant programs. These programs are subject to program compliance audits by the grantor agencies or their representative. The Parish's management believes that any liability for reimbursement which may arise as the result of these audits would not be material.

The Parish had several uncompleted construction contracts in various funds. The remaining commitment on these contracts was approximately \$1,437,291.

The Parish is a defendant in various lawsuits. According to legal counsel for the Parish, there is adequate insurance on all cases where monetary damages are sought, and in those cases where there is an excess liability question or no coverage, the Parish would be protected by the sovereign immunity clause of the Louisiana Constitution.

(15) Compensation of Council Members

A summary of compensation paid to council members follows:

Natalie Broussard	\$ 7,200	Paul Laundry	\$ 7,200
Lloyd Brown	\$ 7,200	Thomas Landry	\$ 7,200
Joseph Davis	\$ 1,080	Chad Maturin	\$ 7,200
Joel Dugas	\$ 7,200	Brian Napier	\$ 7,200
Berwick Francis	\$ 7,200	Eugene Oliver	\$ 7,200
Warren Gachassin	\$ 7,200	Francis Pollard	\$ 7,200
Ricky Gonsoulin	\$ 7,200	Marty Trahan	\$ 7,200
Michael Landry	\$ 5,594		

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

(16) Compensation, Benefits and Other Payments to Parish President

Compensation, benefits, and other payments paid to Larry Richard, Parish President during the year are as follows:

Purpose	Amount
Salary	\$ 126,963
Benefits - Insurance	\$ 299
Benefits - Retirement	\$ 15,870
Benefits - Medicare	\$ 1,841
Conference travel	\$ 4,082

(17) FCC Ordered Enhancements of E911 System

The following information pertains to FCC ordered enhancements to Iberia Parish's E911 system:

Total funds received from emergency telephone service charges	<u>\$ 107,246</u>
Total funds received from wireless service charges	<u>\$ 651,276</u>
Expenditures made for the implementation of the E911 System	<u>\$ 924,005</u>

(18) Interfund Transactions

A. Receivables and Payables

A summary of interfund receivables and payables follows:

	Receivables	Payables
General Fund	\$ 292,960	\$ 710,977
Public Library Fund	73,416	40,937
Economic Development	-	27,207
Sales Tax Fund	34	52,463
Public Buildings Maintenance	386,541	31,036
Parish Wide Drainage Maintenance	56,122	71,357
Royalty	130,324	95,178
Internal Service Fund	379,398	-
Other Governmental Funds	<u>381,302</u>	<u>670,942</u>
Total	<u>\$ 1,700,097</u>	<u>\$ 1,700,097</u>

These balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

B. Transfers consisted of the following:

	Transfers In	Transfers Out
General Fund	\$ 299,032	\$ 307,718
Economic Development	-	27,761
Public Library Fund	788	-
Sales Tax Fund	-	39,598
Public Buildings Maintenance	5,000	900,000
Parish Wide Drainage Maintenance	-	79,197
Royalty Fund	719,916	1,584,948
Other Governmental Funds	3,522,126	1,607,640
Total	\$ 4,546,862	\$ 4,546,862

Transfers are used to (a) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and to (b) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

(19) Tax Abatements

The Parish is subject to tax abatements granted by the Louisiana Department of Economic Development. This program has the stated purpose of increasing business activity and employment in the Parish and the State. Under the program, companies commit to expand or maintain facilities or employment in the Parish, establish a new business in the Parish, or relocate an existing business to the Parish. Agreements include an abatement ad valorem taxes for a period of 10 years from the initial assessment date. State-granted abatements have resulted in reductions of property taxes, which the Parish administers as a temporary reduction in the assessed value of the property involved. The abatement agreements stipulate a percentage reduction of property taxes, which can be up to 100 percent. Information relevant to these abatements is as follows:

Primary Government	\$ 311,530
Component Unit: Fire Protection Maintenance District	\$ 119,500

(20) Special Item

Effective January 1, 2017, the Acadiana Fairgrounds Commission transferred ownership including all assets and liabilities and operations of the Cajun RVer Facility to the Iberia Parish Government. In conjunction with this transfer, the Iberia Parish Government entered into an intergovernmental agreement with the Iberia Parish Recreation and Playground Commission to oversee the daily operations and upkeep and maintenance of the Cajun RVer Facility. The net effect of this transfer was \$2,759,365.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

(21) On-behalf Payments

The Parish has recognized \$151,600 as a revenue and an expenditure for on-behalf salary payments regarding Firefighters made by the State of Louisiana.

(22) New Accounting Pronouncements

During the fiscal year ended December 31, 2017, Iberia Parish Government adopted Governmental Accounting Standards Board (GASB) Statement No. 80, *Blending Requirements for Certain Component Units*. The Statement clarifies the financial statement presentation requirements for certain component units. This resulted in a restatement of previously reported net position for the Primary Government and Component Unit Economic Development District as follows:

	<u>Primary Government</u>	<u>Component Units</u>
January 1, 2017 net position as reported	\$ 119,757,595	\$ 91,651,620
Prior period adjustment:		
Change in accounting principle:		
Net effect of component unit moving to primary government	1,369,191	(1,369,191)
January 1, 2017 net position, as restated	\$ 121,126,786	\$ 90,282,429

In June 2015, the Governmental Accounting Standards Board (GASB) approved Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*. The statement addresses accounting and financial reporting for OPEB that is provided to the employees of state and local governmental employers. This Statement replaces the requirements of Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions*. The provisions of GASB No. 75 must be implemented for the year ending December 31, 2018. The effect of implementation on the financial statements has not yet been determined.

In June 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 87, *Leases*. The statement increased the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. The provisions of GASB Statement No. 87 are effective for fiscal years beginning after December 15, 2019. The effect of implementation on the financial statements has not yet been determined.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Basic Financial Statements

(23) External Transactions

The following transactions between the primary government and its discretely presented component units are classified as external transactions in the government-wide statement of activities:

General Fund:

Transfer from Communications District to fund a portion of salaries and benefits	\$ 97,721
Transfer from Fire Protection Maintenance District for GSI mapping system	\$ 15,000
Transfer from Communications District for GSI mapping system	\$ 15,000
Transfer from Mosquito Control/Drainage Program Fund for GSI mapping system	\$ 15,000
Transfer from Sewer District No. 1 for GSI mapping system	\$ 15,000
Transfer to Acadiana Fairgrounds Commission for project and operating costs	\$ 1,738,629

Parish Wide Drainage Fund:

Transfer from Mosquito Abatement District to fund drainage projects	\$ 767,871
---	------------

Royalty Fund:

Transfer from Iberia Parish Airport Authority for project costs	\$ 5,000
Transfer from Communications District for project costs	\$ 38,243
Transfer to Acadiana Fairgrounds Commission for operating costs	\$ 72,493
Transfer to Communications District for portion of grant	\$ 113,193

Public Building Maintenance:

Transfer to Acadiana Fairgrounds Commission for operating costs for operating costs	\$ 105,533
---	------------

Bond Redemption Fund:

Transfer from Recreation District No. 1 for portion of bond payment	\$ 120,000
---	------------

Notes to Required Supplementary Information

(1) Budgeting Policy

1. At least 90 days prior to the beginning of each fiscal year, the Parish President submits to the Council a proposed budget in the form required by the Parish Charter.
2. A public hearing is required to be conducted to obtain taxpayer comments and notice thereof is published in the official journal at least 10 days prior to such hearing. The notification is to include the time and place of the public hearing in addition to a general summary of the proposed budget.
3. Final adoption of the budget is required to be not later than the second-to-last regular meeting of the preceding fiscal year.
4. The Parish President is authorized to transfer budgeted amounts within departments. Any revisions which cause interdepartmental transfers or alter the total revenues or expenditures of any fund must be approved by the Parish Council.
5. Formal budgetary integration is employed as a management control device during the year for all funds. No payment can be made or obligated against any appropriation unless the Parish President or his designee first certifies that sufficient unencumbered funds are or will be available to meet the obligation when it becomes due and payable. In practice, this has generally been interpreted (due to the flexibility for intradepartmental transfer of line item appropriations) to mean control at the department/fund level.
6. Those budgets which the Parish adopts are on a basis consistent with generally accepted accounting principles as applied to governmental units.
7. All appropriations, except for capital outlays, lapse at the close of the fiscal year to the extent that they have not been expended or encumbered. Appropriations for capital outlays lapse after completion of the project.

All budgeted amounts presented as supplementary information reflect the original budget and the final budget (which has been adjusted for legally authorized revisions during the year).

(2) Pension Plan

Firefighters' Retirement System - Changes of assumptions for the year ended December 31, 2017:

1. Investment rate of return decreased by .1% to 7.4%.
2. Inflation rate decreased by .1% to 2.775%.

NONMAJOR SPECIAL REVENUE FUNDS

16 Judicial Juror and Witness Fees Fund

The 16th Judicial Juror and Witness Fees Fund is used to account for receipt of criminal and civil fees and subsequent payment of juror and witness fees.

Road District No. 10 Maintenance

The Road District No. 10 Maintenance Fund is used to account for expenditures in connection with the maintenance and upkeep of the parish road system. Revenues are derived from the State Parish Transportation Fund and interest income.

Rabies Control Program

The Rabies Control Program is used to provide services in the field of rabies control for the citizens of Iberia Parish. Principal sources of revenues are derived from the issuance of permits and licenses and transfers from the Health Unit Maintenance Fund.

Health Unit Maintenance

The Health Unit Maintenance Fund is used to account for expenditures in connection with the maintenance and upkeep of a health unit which provides health and welfare services to the citizens of Iberia Parish. Revenues are derived from ad valorem taxes, state revenue sharing, and interest income.

Criminal Justice Facility

The Criminal Justice Facility Fund is used to account for expenditures in connection with the operation and maintenance of the Parish jail facility and maintenance of the Parish's prisoners. Revenues are derived from ad valorem taxes, state revenue sharing, and interest income.

Disaster Relief

The Disaster Relief Fund is used to account for the receipt of emergency management assistance and the clean up costs resulting from disasters.

BP Tourism Recovery Fund

The BP Tourism Recovery Fund is used to account for the receipt of grant funding from the State of Louisiana as a result of the BP Oil Disaster.

(continued)

NONMAJOR SPECIAL REVENUE FUNDS (Continued)

HUD Section 8 Voucher Program

The HUD Section 8 Voucher Program Fund is used to administer the Parish's HUD Section 8 Program in which housing assistance payments are made to qualifying applicants. Revenues are obtained from the U.S. Department of Housing and Urban Development.

Drug Court

The Drug Court Fund was created to operate an outpatient clinic for treatment of all adult participants of drug court. Operating funds are received through various federal, state and local grants.

Industrial Development Fund

The Industrial Development Fund is used to account for the collection of a four percent tax on the occupancy of hotel room, motel rooms and overnight camping facilities within the Parish. Two percent is distributed to the Tourist Commission and the remaining two percent is distributed to Iberia Industrial Development Foundation.

PERMANENT FUNDS

The Permanent Funds are used to account for monies provided by private donors restricted to the purchase of books and publications. The principal amounts of the gifts are to be maintained intact and invested. Investment earnings are transferred to the Public Library Fund and used to purchase books and publications. Following are the names of the various permanent funds that have been established:

Kenneth Duval Ringle
Avery-Contonio-Dietlein-Landry
Karl James Bigler, III
Bowman-Brigante
Eugene Morrow Boudreaux
Everlasting Memorial

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Members of the Iberia Parish Government
Iberia Parish
New Iberia, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Iberia Parish Government (the Parish), as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the Parish's basic financial statements, and have issued our report thereon dated June 21, 2018. Our report includes a reference to other auditors who audited the financial statements of Iberia Medical Center, as described in our report on the Parish's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Parish's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Parish's internal control. Accordingly, we do not express an opinion on the effectiveness of the Parish's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Parish's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards*, and which is described in the accompanying schedule of current and prior year audit findings and managements corrective action plan as item 2017-001.

Iberia Parish Government's Response to Findings

The Parish's response to the finding identified in our audit is described in the accompanying schedule of current and prior year audit findings and management's corrective action plan. The Parish's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Members of the Iberia Parish Government
Iberia Parish
New Iberia, Louisiana

Report on Compliance for Each Major Federal Program

We have audited the Iberia Parish Government's (the Parish) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Parish's major federal programs for the year ended December 31, 2017. The Parish's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Parish's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Parish's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the Parish's compliance.

Opinion on Each Major Federal Program

In our opinion, the Parish complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2017.

Report on Internal Control over Compliance

Management of the Parish is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Parish's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Parish's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Notes to Schedule of Expenditures of Federal Awards
Year Ended December 31, 2017

(1) General

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal award programs of the Iberia Parish Government (the Parish) and its discretely presented component units except Iberia Medical Center. The Parish reporting entity is defined in Note 1 to the basic financial statements for the year ended December 31, 2017. All federal financial assistance received directly from federal agencies is included on the schedule as well as federal financial assistance passed through other government agencies.

(2) Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards is presented using the modified accrual basis of accounting, which is described in Note 1 to the basic financial statements.

(3) Indirect Cost Rate

The Parish has elected to not use the 10% de minimis indirect cost rate.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Schedule of Findings and Questioned Costs
Year Ended December 31, 2017

Part I. Summary of Auditor's Results:

1. An unmodified opinion was issued on the financial statements.
2. No significant deficiencies in internal control were disclosed by the audit of the basic financial statements.
3. An instance of noncompliance material to the financial statements which is be required to be reported in accordance with *Government Auditing Standards*, was disclosed by the audit of the financial statements.
4. No significant deficiencies in internal control over the major program were disclosed by the audit of the basic financial statements.
5. An unmodified opinion was issued on compliance for the major programs.
6. The audit disclosed no findings required to be reported in accordance with 2 CFR section 200.516(a) of the Uniform Guidance.
7. The major program was:

United States Department of Housing and Urban Development:
Section 8 Housing Choice of Vouchers, CFDA 14.871
8. The dollar threshold used to distinguish between Type A and Type B programs was \$750,000.
9. The auditee did qualify as a low-risk auditee.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Schedule of Findings and Questioned Costs (Continued)
Year Ended December 31, 2017

Part II. Findings which are required to be reported in accordance with generally accepted governmental auditing standards:

A. Internal Control Findings –

There were no internal control findings.

B. Compliance Findings –

See compliance finding 2017-001 on the schedule of current and prior year audit findings and management's corrective action plan.

C. Management Letter –

A management letter related to Acadiana Fairgrounds Commissions operating deficits has been issued.

Part III. Findings and questioned costs for major Federal awards which include audit findings as defined in 2 CFR section 200 of the Uniform Guidance:

There are no findings and questioned costs related to federal programs that are required to be reported under the above guidance.

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Schedule of Current and Prior Year Audit Findings
and Management's Corrective Action Plan
Year Ended December 31, 2017

Part I. Current Year Findings and Management's Corrective Action Plan:

A. Internal Control Over Financial Reporting

There are no internal control findings to be reported.

B. Compliance

Acadiana Fairgrounds Commission –

2017-001 Sales Tax Non-Compliance

Fiscal year finding initially occurred: 2015

CONDITION: The Acadiana Fairgrounds Commission may not be in compliance with State law requiring the collection and remittance of sales tax.

CRITERIA: Louisiana Revised Statutes 47:301-47:335.9 require the collection on behalf of and remittance to the State of Louisiana, a percentage sales tax on qualifying sales and activities. These collections are required to be remitted to the State by the 20th of the month following the month of collection.

CAUSE: The Commission failed to remit sales tax collections to the State by the required due date.

EFFECT: The Commission may not be in compliance with State Law and could be subject to penalties and interest charges on the unremitted amounts.

RECOMMENDATION: The Parish Administration will file and remit past due returns with the State of Louisiana for monies collected by the Acadiana Fairgrounds Commission.

MANAGEMENT'S CORRECTIVE ACTION PLAN: Iberia Parish Government will develop a process to ensure accurate and timely reporting and remittance of sales taxes to the State.

C. Management Letter –

A management letter related to Acadiana Fairgrounds Commissions operating deficits was issued.

Part II: Prior Year Findings:

A. Internal Control Over Financial Reporting

There were no internal control findings reported.

B. Compliance

IBERIA PARISH GOVERNMENT
New Iberia, Louisiana

Schedule of Current and Prior Year Audit Findings
and Management's Corrective Action Plan
Year Ended December 31, 2017

B. Compliance

Primary Government –

2016-001 Budget Non-Compliance

CONDITION: Iberia Parish Government failed to adopt their 2016 budget as required by the Home Rule Charter.

RECOMMENDATION: Iberia Parish Government should take steps to timely adopt their budget as required by the Home Rule Charter.

CURRENT STATUS: Resolved.

2016-002 Budget Non-Compliance

CONDITION: Budget variance in excess of 5% was incurred in the Public Library Fund.

RECOMMENDATION: Management should monitor the budget and adjust revenues for known variances greater than 5%.

CURRENT STATUS: Resolved

Acadiana Fairgrounds Commission –

2016-003 Sales Tax Non-Compliance

CONDITION: The Acadiana Fairgrounds Commission may not be in compliance with State law requiring the collection and remittance of sales tax.

RECOMMENDATION: Management should develop a process to ensure accurate and timely reporting and remittance of sales taxes to the State.

CURRENT STATUS: Unresolved. See item 2017-001

C. Management Letter –

A management letter related to Acadiana Fairgrounds Commissions operating deficits was issued.

MANAGEMENT LETTER

WWW.KCSRPCAS.COM

The Honorable Larry Richard, Parish President
and Members of the Iberia Parish Council
New Iberia, Louisiana

During our audit of the basic financial statements of the Iberia Parish Government for the year ended December 31, 2017, we noted the following area in which the efficiency and effectiveness of the operations of the Parish could be improved.

The Acadiana Fairgrounds Commission experienced an operating loss of \$203,522 exclusive of depreciation expense. Consideration should be given to increasing rates and/or decreasing expenses in the Commission in order to generate a profit.

We would like to express our appreciation to you and your staff for the courtesies and assistance rendered to us in the performance of our audit. Should you have any questions or need assistance please feel free to contact us.

FINDING – FINANCIAL AUDIT

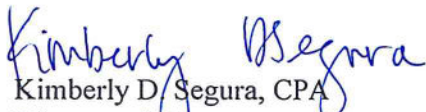

Compliance

2017-001 **RECOMMENDATION:** Management should develop a process to ensure accurate and timely reporting and remittance of sales taxes to the State.

CORRECTIVE ACTION PLAN: Iberia Parish Government will ensure accurate reporting and remittance of sales taxes from Acadiana Fairgrounds Commission to the State.

If there are questions regarding the plan, please call Kimberly Segura, CPA, Director of Finance, at 337-492-5411.

Sincerely,

Kimberly D. Segura, CPA
Director of Finance
